The Great Upheaval:
Higher Education's Past, Present, and Uncertain Future
Presenter: Scott Van Pelt

As we know all too well, at this University and across the UNC system, major changes have come and many more are on the horizon in higher education. Many of these “changes will be bigger and more disruptive than many college leaders and experts realize as online learning grows.” This book is a comprehensive deep dive into the history and future of higher education, all the while considering other industries' successes and failures that might inform decision-making on how higher education should be plotting its course.

Scott Van Pelt, along with Arthur Levine, is co-author of The Great Upheaval: Higher Education's Past, Present, and Uncertain Future (Johns Hopkins University Press, 2021). Over the past ten years, Scott has held a variety of roles in academia and currently is an associate director with the Communication Program at the Wharton School of the University of Pennsylvania. In this role, Scott designs and implements the curricula for business communication courses within the MBA core curriculum.
